This page includes the names of all donors during the 2004 - 2005 fiscal year, including donations made to Noah Project - North. Noah Project would like to thank each of our donors, and we recognize that our support comes from throughout our entire community. Our work is made possible by philanthropic institutions such as the Community Foundation, the Swalm Foundation, and the Goodfellows Grant that funded our Children's Program, as well as the support of businesses such as American Electric Power, special events like the Diamondback Charity Classic, and the ongoing support of churches, civic organizations, and generous individuals throughout our service area. Thank you for everything that you have done to serve families in crisis.
